

# Over the counter naloxone is now available.

**Naloxone is now available for purchase over the counter (OTC) without a prescription** in pharmacies, grocery stores, and convenience stores.

- Naloxone is used to reverse an opioid overdose. Complete your first aid kit by purchasing naloxone today.
- The package for OTC naloxone may look different, but **the formula and nasal spray devices are the same.**
- OTC naloxone can usually be found in the aisles for pain care, first aid, or nasal care products.
- It may also be available at the pharmacy counter or online.

**Some naloxone products or insurance companies may still require a prescription. To purchase these products, speak to your pharmacist and show a copy of the latest [PA standing order for naloxone.](#)**
